

Mission Statement

Our mission is to provide a vibrant, informational website with coverage of Holmes County events as well as high school sports and other activities. Using the many advantages of the internet as well as mobile phones, we will provide unique and interesting coverage with professionalism, quality and integrity.

This coverage will allow Holmes County residents a touch of home accessible anywhere in the world with a mouse click or a mobile phone. Former residents as well as current residents and others interested will always be able to “stay connected.”

As we endeavor to fulfill our mission, we will not lose sight of those who inspired its creation and fuel the desire to make it successful—the residents of Holmes County.
